- Self-taught developer in Python, Node.js, and JavaScript, with practical experience through real-world projects.

Projects

Bachelor of Communication

Rimberio University | 2018 - 2022

Portfolio Website *(JavaScript, HTML, CSS)*

- Designed and developed a personal portfolio to showcase projects and skills
- Built a responsive and clean user interface

Blockchain Wallet Tracker *(Python)*

- Developed a tool to monitor and analyze blockchain wallet activity
- Tracked transaction flows and identified behavior patterns

Bitcoin Transaction Tracker *(Python)*

- Built a real-time system to track and classify Bitcoin transactions
- Highlighted large transactions and on-chain activity

Discord Bot *(Node.js, JavaScript)*

- Developed a bot to automate community management and user interactions
- Implemented activity tracking and automation features

AI-Powered To-Do List *(JavaScript, API Integration)*

- Created a task management app integrated with an AI API
- Added smart suggestions and task automation features

Skills

Programming & Development

- JavaScript (basic to intermediate)
- Node.js (basic)
- Python (basic to intermediate)
- Full-stack fundamentals (front-end & back-end concepts)

Technical Concepts

- REST APIs & API integration
- Asynchronous programming (basics)
- Data handling & automation scripts
- Basic application architecture

Blockchain & Finance

- Blockchain fundamentals (wallets, transactions, DeFi concepts)
- Crypto-assets and market structure
- Technical analysis (basics to intermediate)
- Risk management fundamentals

Tools & Environment

Development Tools

- Visual Studio Code
- Git & GitHub
- PyCharm

- DataGrip

APIs & Testing

- REST APIs integration
- API key management

Development Environment

- Command Line (CLI)

Other

- Bot development (Discord)

Technical Skills

Programming Languages

- JavaScript
- Python

Web Development

- HTML
- CSS
- React
- Node.js

Databases

- MongoDB
- SQL

Frameworks & Tools

- Django
- Docker

Languages

- French — Native
- Hebrew — Native
- English — Basic (reading & comprehension)
